

**SAFEST
CHOICE**
for your
family!

Advantages of Soft Landing Rubber Mulch (SLRM)

1

Safer Than Other Mulch Choices:

SLRM requires less material to pass critical fall height testing. Making it the safest choice for your family.

2

Naturally Shock Absorbent:

SLRM is the softest choice for your family.

3

Cleaner than other Mulch Choices:

SLRM is 99.9% free of fabric, fiber and metal. The cleanest choice for your family.

4

Appearance:

SLRM looks exactly like natural wood mulch, creating a professional appearance for your family's play ground.

5

Ease of Use:

SLRM is purchased in easy to open 40 lb bags. Just spread over weed barrier fabric for a simple installation around your family play set.

6

Cost Effective:

Since SLRM doesn't decompose or compact, it is the perfect one-time surfacing choice for your family.

**Re-Tek produces
rubber mulch that
is not made from
car tires.**

Advantages of SLRM:

- Safer than other mulch options
- Beautiful natural appearance
- Softer and cleaner than other rubber options
- More coverage per pound

Disadvantages of buying mulch made from car tires:

- Harder, cubed rubber pieces
- Higher probability of metal and fibers
- Up to 33% more pounds of rubber is required for typical coverage
